September meeting will be held on Thursday, September 4, at Great Western Financial Center, 8484 Wilshire Blvd., Beverly Hills (Wilshire at La Cienega). Meeting begins at 7:30 P. M. Come early!

Program: Dick Norton, W6DGH, will present an analytical discussion on operator techniques for contest operations that he has found to be very useful in making his contest operating more productive.

October 25 and 26, CQ WW DX Contest Phone weekend. Remember to submit your score as part of the SCDXC entry and advise the Contest Chairman, W6JPH, of your score.

## DX NEWS HIGHLIGHTS

RODRIGUEZ, 3B9DA, has been on 14 MHz CW favoring 14040 after 1500Z. According to the WCDXB Alex will be there for a number of months, but the DXNS indicated with reservation that perhaps only through August. The Northern California DX Foundation reportedly has shipped s Swan transceiver to Mauritius for future use on Rodriguez by Alex. It may be up to a few months before he will actually get the Swan on Rodriguez due to lack of regular shipping runs between the two islands.

BRUNEI, VS5MG, will be active for the next two years and has been reported on 14222 at 1550Z. QSL instructions are via the 9M2 bureau.

SPANISH SAHARA, EA5ES/9, has returned to Spain for a while, but he is expected to return to the Spanish Sahara around October. DXNS advises seekers of QSL cards to use an address of Edificlo "Oriente", Torrevieja (Alicanta), Spain.

LIECHTENSTEIN operations by DK7PF and DK7PV are planned for the first two weeks of September using both CW and SSB on 80 through 10 meters. QSLs will handled by DJ7OM. Another possibility will be HB9NL operating as HBØNL from October 6 to 19.

JAN MAYEN, JX2HK, operates crystal controlled using frequencies of 7005, 14010 and 14260 which should prevent excessive VFO wear.

SINGAPORE, 9V1SH, operates 7000 to 7025 most days from 1100Z. He is also a regular on other bands at times that do not favor the W6s: 3775-3800 at 2230 to 2400 daily and 28550 to 28600 from 1000 to 1300Z on weekends.

ALDABRA operations are under consideration by a group of VQ9 operators. Dates being mentioned cover the months of September and October.

DIEGO GARCIA, VQ9Z, is a new one reported active 14280 from 2000Z. More amateur activity is expected with a possible effort in the CQ WW DX Contest in October under consideration. VQ9Z QSLs via WA6HNQ.

ZAMBIA, 9J2TJ reports long path activity via W3HHV and the WCDXB, and he will be looking for the western reaches of the U. S. between 1320 and 1520Z.

CORSICA, FC9US, frequently found on 14005.

GREENLAND, OX5BW, will be following a schedule through the month of September along the following pattern: 2330 to 0400Z on 14030 to 14040 and 0700 to 0900Z on 14210 to 14215.

SCDXC BULL-OF-THE-AIR: Thursday (GMT) at 0200 Z on 14265.
REPEATER: WR6AAC/6, 146.37 MHz input and 146.97 MHz output.

Please mail you September activity report to be received no later than Sept. 19.

MALPELO, HKØ, has been discussed as a possibility by W7MPZ according to some reports. However, the problem with Malpelo is the difficulty of landing, and reports that the government will not issue a license unless convinced you can land safely. Past efforts have included the support involvement of a Columbian Navy ship, etc. Even with such support the landings have been high risk, so little wonder that the government would require some strong convincing.

## Random

Melilla is presently active with EA9FC showing on twenty SSB, but his english language is not very strong. EA9EW is active from Ceuta having been reported on 14066 at 2230Z. SV1FT reportedly is also on Crete. and reported active on 14255 at 2230Z. None of the TI9FAG QSL cards have been submitted for DXCC credit and according to the WCDXB Bob White, W1CW, says that should any arrive the question will probably go to the Awards Committee for a decision as to whether or not the cards are acceptable for DXCC credit.

One of the big, hoped for plans fell through for Tunsia when upon arrival no license could be obtained. It is reported that all the locals in 3V8 are presently silent with regard to amateur radio activity. W9CTY, has cancelled his planned trip to Nepal, because he was unable to get a license that would permit operations on forty and eighty meters.

Ed DeYoung's plans for numerous stops through the Pacific Ocean reefs has not materialized. He now is speaking of operations from Hutt River Principality in western Australia , an area ruled by Prince Leonard. Hutt River now issues its own stamps which are being accepted by the International Postal Union and has applied for an ITU approved prefix for radio licensing. The whole thing started as a break away from Australia that was first taken as a joke. Perhaps?

PAØIWH has returned home from Bangladesh. He has copies of his 1974 logs as PAØIWH/S2, but his 1975 logs are being held by authorities in Bangladesh and are not available and are not expected to become available.

The saga of the CE9AT QSL service continues. Originally when worked the instructions were via CE2AA which apparently worked for a few fast draw QSLers. Then the word got out that P. O. Box 72, Valparaiso was the only acceptable route with two IRCs and that other routes and bureaus would not be accepted. This route worked for your editor. WB6IXC reports success with $1.00 + four IRCs to P. O. Box 3016, Valparaiso during March and April. The late word from the WCDXB is via CE2MZ, P. O. Box 1137, Valparaiso, Chile S. A. which upon inspection of my card received about four weeks ago agrees with hand written QSL instructions on the card. Reports seem to be favorable on CE2MZ's efforts to clear QSL requests, so if you still lack there is still hope. CE9AT is understood to have been at Capitan Arturo Prat Base, 62° 30' south, 59° 41' west, and counts as South Shetland Islands.

---

SOUTHERN CALIFORNIA DX CLUB, INC.

The purpose for which this club is organized is to bring together radio amateurs interested in DX; secure closer cooperation and coordination in their efforts to achieve DX; elevate the standards of practice and ethics in the technique of working DX; participate in the exchange of knowledge, methods or any other expedient that would be mutually beneficial to the members in achieving DX accomplishments.

Southern California DX Club, Inc., P. O. Box 73, Altadena, California 91001.

Schedule of membership fees:

Full member (DXCC or WAZ): $5.00 per year.
Member at large (past full members out of area): $3.00 per year.
Associate member (25 DXCC countries): $3.50 per year.

Please mail September activity reports to be received by Sept. 19. Thank you.

-The Prez Sez-

The club directory has been printed and will be enclosed with the October BULL. We owe a large "Thank You" to Bud Baldwin, W6CS, who has printed the directory for many years, as he has again this year. Bud also prepares the club's yearly state and federal tax return which we are required to submit.

A new member of the club, Pat Patterson, W6RYX, volunteered and has been appointed Chairman of the Repeater Committee. Pat will provide liaison between the club and the WR6AAC/6 repeater group. The club needs more members, especially young DXers. If there is a DXer or a potential DXer in your neighborhood bring him to a club meeting and let him see what he has been missing.

---

NOTICE OF PROPOSED AMENDMENT TO THE BY-LAWS

To all SCDXC members:

The following notice is made to comply with Article V of the SCDXC Constitution pertaining to amendments. It is proposed to increase the club's dues effective January 1, 1976, to the following schedule:

Full members: $7.00 per year.
At large members: $5.00 per year.
Associate members: $4.00 per year.

Proposed changes in the By-Laws would be worded as follows:

Article I, Section 1. (Increase from $3.00 to $5.00.)
An initiation fee of $1.50 shall be paid for Full members and will provide a club badge. Dues for Full members shall be $5.00 per year payable in accordance with Section 6.

Article I, Section 3. (Increase from $1.50 to $2.00.)
Associate membership will be extended to amateurs interested in DX and submitting proof of 25 countries confirmed. Associate member dues shall be $2.00 per year payable in accordance with Section 6.

Article I, Section 4. (Increase from $1.00 to $3.00.)
At large membership will be extended to persons who have been a full member in good standing for a period of at least one year and who have moved outside of Southern California or proximity of the regular meetings which shall be defined as outside of Los Angeles or Orange counties. Dues for at large members shall be $3.00 per year. Dues will be waived for members of the United States Military Services.

Article I, Section 7. (No change, for reference only.)
If a monthly club bulletin is mailed to members, dues for all classes of membership shall be increased by $2.00 per year.

Voting procedure: Passage of the above amendments will require a two-thirds majority at a meeting attended by at least 51 percent of the paid membership. A vote will be attempted at the September meeting. If the 51 percent requirement is not met a mail ballot will be distributed with the October edition of the BULL.

Respectfully submitted,
Harvey Hetland, WA6KZI
Acting as Secretary at the instruction
of the SCDXC Board of Directors.

---

Please mail September activity reports to be received by September 19. Thanks.

Minutes of the August 21 meeting of the SCDXC Board of Directors.

Hosted by W6EUF the meeting was attended by W6GC, W6KNC, WB6EHT and WA6KZI. It was announced that Wayne, W6IRD, had been hospitalized with a heart attack; and that he was making a good recovery and was expected to be back actively with the club in the future.

A status report on the Directory being printed by W6CS was provided by WA6KZI. The Board proposed honorary membership for Martin Laine, OH2BH, as well as special awards in recognition of service to the club by members. A policy of mailing the BULL to honorary and life members was established.

A proposed dues increase was developed following a financial report from WB6EHT and an extensive discussion on projected expenses. The editor was instructed to prepare an amendment notice for publication in the next edition of the BULL (see page 3).

W6KNC discussed a possible speaker for the Christmas dinner and W6EUF was appointed as chairman for the event. W6GC announced the appointment of W6RYX as the Repeater Committee Chairman. WA6KZI will work closely with Contest Chairman, W6JPH, to promote club participation in the CQ WW contests.

Harvey Hetland, Acting as Secretary.

## Editor's Comments:

The October issue of the BULL will be mailed one week earlier than normal, but the mailing will be third class mail due to the added weight of the Directory. As a result please mail your September activity reports in time to be received no later than September 19th.

My thanks to the following keepers of the supspot watch for their assistance with this edition: W1WY, W6GC, W6EUF, W6MFC, WA6GLD, W6PN, WB6IXC, W6BWG, W6OSU, K6SSJ, W6MHK, W6AM and HB9DX. Thanks also to the WCDXB, DXNS and LIDXA for bulletins.

Next membership standings will be in the October BULL. Please remember September 19 will be the last day for acceptance of material for the October BULL.

73, Harvey.

---

New QSL bureau address for Switzerland and the Principality of Liechtenstein: USKA, QSL Bureau, P. O. Box 9, 4900 Lanenthal, Switzerland.

K6SSJ on behalf of the NCDXC is trying to gather 50 people interested in building a Curtis Model EK-430 C-Mos keyer from kit for about $40. This will be a NCDXC club project in which SCDXC members are invited to participate. Contact Bob, K6SSJ, 14703 Eastview Drive, Los Gatos, CA 95030.
